Isacord (40-weight) Polyester Thread is an ideal thread for almost any embroidery application. Its superior tensile strength, nearly 1 1/2 times the strength of rayon threads, makes it durable and smooth running. Isacord has an elasticity of 22%, giving you enough stretch to cushion high speed running, and enough firmness to avoid puckering and looping. Available in over 300 colors, including neons, on 1000-meter (1,093-yd) mini-kingspools.
